#### **Anastasia M. – Manulife Customer**

[Anastasia appears on the screen and starts sharing her story.]

**I don't think anyone buys insurance thinking that they're going to need it. And nothing was ever going to happen to me. But, it did. And I was very, very grateful that we had this particular product. A few years ago, my husband and I decided to take on an old house and renovate it top to bottom and our broker introduced us to this mortgage protection insurance. We decided to purchase it. Just two years later, I was diagnosed with cancer. My husband and my kids, if they had to worry about money on top of that, it just, that would have been really devastating. Manulife just took essentially the biggest bill we have in our life and took care of it. Having this product just meant the world and I think it contributed to me getting through all the really tough treatments that I had to get through. You never know what's going to happen to you. The better prepared you are, the better you can face whatever comes your way.**
