Drug Prior Authorization

Rinvoq (Upadacitinib)

The purpose of this form is to obtain the medical information required to assess your request for a drug on the Prior Authorization list under your drug plan benefit coverage. To avoid delays in processing your request, please ensure that all information, including contact information is complete. Completion of this form is not a guarantee of approval. If you have already purchased the drug, please attach all original receipts along with an **Extended Health Care Claim** form. All costs incurred to complete this form are the plan member's responsibility. If you are registered for the Plan Member Secure Site and have provided an email address, you will receive an email notification when the prior authorization decision is available on your claims statement. If you are not registered on the Plan Member Secure Site, you will be notified of the prior authorization decision by mail.

Important: Please ensure the most current unaltered version of the form is completed and signed. To download the most recent version of the Drug Prior Authorization form go to www.manulife.ca

2 Provincial Plans

To be completed by prescribing physician

Most provinces offer some form of drug coverage to their residents. Your Manulife drug plan supplements the coverage provided by provincial plans. It is important that you or your doctor (if required) apply to the applicable provincial program to ensure there are no delays in your drug reimbursement.

Check with your doctor or login to the **Manulife Provincial Drug Plans Resource Centre** on our Plan Member Secure Site at www.manulife.ca/planmember to confirm if the drug you have been prescribed may be eligible for coverage under a provincial plan. If the drug you have been prescribed is listed under a provincial program, you will need to apply to the program before consideration can be given under your Manulife drug plan.

Has application been made to the provincial program for coverage? Yes No

If *no*, why?

Has the patient been approved for coverage by the provincial program for this drug? Yes No

If *no*, advise why the request was declined

In Ontario, for patients that qualify for coverage under the Exceptional Access Program (EAP), if the drug is an EAP drug, a copy of the approval or denial from EAP must be submitted with this form so Manulife can complete the assessment of this request.
